

WPSN SUMMER CAMP

Summer at WPSN is a special place for our children
to wonder...
to explore...
to discover...
to create...
to share...
to reflect on their fascinating world...
and to grow!

Our wonderful playground, the site of our NAEYC-accredited year-round program, is the outdoor learning environment for summer camp. Experienced early childhood educators (primarily year-round WPSN teachers) provide inspiration and support for each child to make new friends and explore new areas. Through play, we nurture physical, emotional, social, thinking and creative skills. The curriculum is emergent, and always includes gardening (growing plants and nurturing worms), sand construction, stories and songs, climbing and negotiating obstacle courses, bubbles, art experiences, water play and scientific exploration.
